

ASSURANCE STATEMENT

NATURE AND SCOPE OF THE ASSURANCE/VERIFICATION

SGS United Kingdom Limited was commissioned by Redrow Plc, Redrow House, St Davids Park, Ewloe, Flintshire, CH5 3RX to provide independent assurance of its sustainability Key Performance Indicators (KPI's) for the financial year 2019/20. The scope of the engagement included assessment of the following Health and Safety Performance Indicators and underlying data:

- Volume of construction waste (tonnes)
- Percentage of construction waste diverted from landfill (%)

The management of Redrow Plc is responsible for the selection, preparation and reporting of information included in its 2019/20 KPI report. It is SGS' responsibility to express an independent opinion on the reported data within the scope of verification.

The objective of the engagement was to provide a limited level of assurance to Redrow Plc stakeholders that the reported indicators are:

- Accurate and free from material misstatement
- Reported in accordance with the principles of transparency accuracy, consistency, relevance and completeness.

The engagement was combined with the verification of environmental and greenhouse gas emissions and the verification and assurance methodology employed by SGS was based upon internationally recognized standards and guidance, including ISO 14064-3: Specification with guidance for the validation and verification of greenhouse gas assertions. The assurance comprised a desk-based review, interviews with relevant employees and review of evidence during July to August 2020.

STATEMENT OF INDEPENDENCE AND COMPETENCE

The SGS Group of companies is a world leader in inspection, testing and verification, operating in more than 140 countries and providing services including management systems and service certification; quality, environmental, social and ethical auditing and training; environmental, social and sustainability report assurance. SGS United Kingdom Limited affirm our independence from Redrow Plc being free from bias and conflicts of interest with the organisation, its subsidiaries and stakeholders. The assurance team was assembled based on their knowledge, experience and qualifications for this assignment, including experience in the assurance of environmental, health and safety data.

VERIFICATION/ ASSURANCE OPINION

On the basis of the methodology described and work performed, SGS concludes that no evidence has been brought to our attention to suggest that the reported data is not materially correct and is not a fair and balanced representation of the selected KPI's for financial year 2019/20.
